

Adventure Cabaret

Quotes for Press Release

Miranda Sorventi, Creator of Adventure Cabaret

"We are living in an unprecedented era, in which all of the major problems on Earth are now caused by humanity. This did not used to be the case, but now humanity is hurtling toward self-caused catastrophe in every area of life. On top of all this, humanity is still in denial, lying to itself about its own prospects, and the causes of its many and growing problems: humanity itself.

Adventure Cabaret is an effort toward honesty in these matters, but through delightful and creative theater, and a spirit of generous, in person community. We want to fill the world with beautiful, sensible ideas anyone can choose to act on immediately to make the world better."

Firinn Taisdeal, Director of Adventure Cabaret

"I have worked on many interesting projects, but Adventure Cabaret is transdendant in its uniqueness, its beauty, its creativity and its nobility. Adventure Cabaret is not only inspiring theater with profound content, it's wildly funny and surprising. Realizing Miranda's brilliant vision is an honor, and the peak experience of my life."
